GREEN COMMITTEE RECOMMENDATIONS
on
REPORT FOR THE PROPOSED IMPROVEMENTS TO

GULPH MILLS GOLF COURSE

by
Wayne E. Stiles

Action of Board of
Governors 7/25/40

Hole No.	Recommendation	Action of Board of Governors
<u>Hole No. 1</u>	Extension of trap at left side of green recommended. Modifying fairway to throw it more toward the left recommended Allow trap in front of first tee to grow into rough.	Approved Approved Approved
<u>Hole No. 2</u>	Recommend that we consult Women's Committee regarding modifying first trap and changing fairway and to decide later.	Approved
<u>Hole No. 3</u>	Allow traps near the tee to grow into rough	Approved
<u>Hole No. 4</u>	No change recommended at the present time	Approved
<u>Hole No. 5</u>	A. Not recommended B. Extend trap on left of green	Approved Voted to have trap on left of green extended to right
<u>Hole No. 6</u>	A. Recommended B. Not recommended but feel the same result can be accomplished by allowing the rough to grow much heavier.	Approved Approved but also to add facing trap in mound on right.
<u>Hole No. 7</u>	No change recommended. The committee feels that this hole should always be played from the front tee as contemplated by Mr. Perry Maxwell.	Approved
<u>Hole No. 8</u>	Allow the traps on the left to grow into rough	Approved
<u>Hole No. 9</u>	A. Recommended but only deciduous trees be planted B. Recommended	Approved Approved
<u>Hole No. 10</u>	A. Recommended - the present left hand trap be allowed to grow into rough. No other traps recommended at the present time B. No changed recommended.	Approved Approved

<u>Hole No. 11</u>	A. Recommended B. Recommended Also that fairway be cut back towards tee near the first trap and extended slightly over into the rough at the right.	Approved Approved
<u>Hole No. 12</u>	No change recommended but to allow traps on the left to grow into rough and to install sand splash on left mound halfway down fairway	Approved
<u>Hole No. 13</u>	A. Recommended B. Not Recommended	Approved Approved
<u>Hole No. 14</u>	Recommended - Also that a tree be placed near the tee.	Approved
<u>Hole No. 15</u>	A. Recommended B. Allow to grow into rough C. Consider these suggestions good D. but that they be postponed for E. future consideration	Approved Approved Approved to refer for future consideration but in meantime allow trap rear of green to go into rough
<u>Hole No. 16</u>	A. Recommended that traps be allowed to grow into rough B. Not Recommended	Approved Deferred but regarded by some as good idea
<u>Hole No. 17</u>	Recommend that we plant a tree near the tee	Approved
<u>Hole No. 18</u>	A. Recommended B. Recommended C. Recommended	Approved Approved Approved
<u>Parking Area</u>	No action recommended at the present time due to expense.	Approved
<u>Tree Planting</u>	Recommended that this be started moderately by moving deciduous trees from woods this winter and to continue to plant willows along the brook A more pretentious program can be taken up later following the suggestions of Mr. Stiles.	Approved

To eliminate expense the Board also approved allowing main part of property to grow into high rough and only maintain ordinary rough ten to twenty yards wide along the fairways. Also that traps be made straight faced with less sand in slopes and the banks kept in moderate rough.
